Subject: Thunder Valley Tavern Beer Permit Application

The Police Department has reviewed the Thunder Valley Tavern beer permit application for compliance with the following requirements:

1. Signage and Posting: Proper signage and posting time have been satisfied at the site by posting the sign on 12/29/2020.
2. Publication: Proper legal notice will be published in the Bristol Herald Courier on 01/17/2021
3. Zoning Compliance: The location of the beer establishment complies with zoning pursuant to Section 6-145(b) by being in a PDB Planned Business District zone.
4. Special Distance Separation: The Distance separation requirement provided in Section 6-145(c) satisfied for this on-premises permit with a distance separation of more than 150 feet from any school (public or private) and any church located in any residential zoning district, as measured on a straight line from the nearest property line of any school or church to the nearest point of the building of the beer permit.
5. Criminal Checks: A local criminal background check of the owner(s) pursuant to Section 6-147(5) has been undertaken to verify that owners comply with the "good moral character" requirements and have not been convicted within the past ten years of violations of any laws or ordinances against manufacturing, selling, transporting, storing or possessing intoxicating liquor of alcoholic content in excess of five percent by weight, and have not been convicted of a felony within the past ten years.

6. Other Adverse Factors: There are no known factors to the Police Department associated with the proposed location that may have an adverse effect in consideration of the type and character of the neighborhood; the population density of the neighborhood; the proximity of residences, schools, parks and playgrounds; the proximity of churches or other religious establishments; or any problem with law enforcement in the area; or any other factors which affect the public health, safety or welfare.

An application fee of \$250 and the publication costs for the permit process have been received by the City for this permit.

Based on the foregoing, this applicant appears to meet the requirements to apply for a permit under the Beer Ordinance. Therefore, it is staff recommendation that the permit be considered, unless the Beer Board finds disqualifying grounds at the hearing on the application.
