Fun For All Ages

Name Game

Choose a category (animals, foods, names, etc.) then begin. If the first player says Michelle, the next player must pick a name that begins with the last letter of that name - in this case, a name that begins with E, such as Elizabeth. Then it passes to the third player, who must say a name that begins with H, such as Hannah. Be sure to set a time limit! Players can’t take too long or say a name that’s already been used.
