CREATE A READING OR HOMEWORK NOOK

Build a fort or turn a giant box into a little nook & lay down some pillows & blankets to make it extra cozy. Accessorize the space with a child's favorite books, a small reading lamp, or string some battery-powered lights. Provide decorated bookmarks, materials needed to get homework assignments completed, and of course a favorite snack. Don't forget to make a "Do Not Disturb" sign. Decide on a designated time & tell the child at this time each day they are to visit their nook to read or get homework assignments done.
